Whirlpool induction glass-ceramic hob - SMP 658C/NE/IXL

FlexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. intuitive slider, for effortless control of your appliance settings. This Whirlpool induction glass-ceramic Hob features: An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. 8 induction rings. Electric power supply.

6TH SENSE AUTOMATIC FUNCTIONS

Setting the correct heat level is no longer an issue, thanks to 4 special pre-set functions - up to 4 for each cooking zone. Just select the program and the hob automatically sets the best heat level for the desired cooking method.

iXelium

Long lasting shine. The revolutionary iXelium treatment protects your hob from scratches and corrosion, ensuring a perfect shine, always. And, it's easy to clean: all you need is water and a soft cloth.

FlexiFull

Cook anywhere on the completely flexible surface with pans of all shapes and sizes.

Smart Grilling

The Grill function is designed to cook your grilled dishes to perfection, thanks to a special heat detector that constantly monitors the cooking temperature.

Smart Frying

The Fry function allows you to enjoy delicious, crispy fried dishes, thanks to a special heat detector which constantly monitors the cooking temperature.

Moka

The Moka function is tailored for moka use.

Filo installation

Our cooktops are designed to be both beautiful and functional. The outstanding Filo Design of our integrated cooktops makes cleaning easier than ever before.

ChefControl

Divides the hob into three or four cooking zones, and activates them simultaneously at a pre-set power level. Pans can be moved from one area to another without interacting with the user interface, so dishes can continue cooking at different temperatures for added flexibility.
