

Hygiene plus

Anti-odour

Self extinguishing

Saturation indicator

Carbon filter anti odour • Type 241 (240 x 230 x 29 mm • 600 g)

The best solution to prevent the spread of bacteria in the air and to eliminate bad odours

CHARACTERISTICS

The **Carbon Filter Anti odour Type 241** for cooker hoods reduces **unpleasant odours in the kitchen** and **protects against the spread of bacteria in the air** thanks to its absorbent action. The Wpro carbon filter has a saturation indicator that changes colour when the filter must be replaced.

THE RECOMMENDATION OF WPRO

Needs to be replaced every 3 months to maintain optimal performance

CONSUMER BENEFIT

- **Hygiene plus:** with its absorbent action it protects against the spread of bacteria in the air. Your environment is healthier and the risk of allergies are reduced
- **High performance:** it is made of AC 40 quality charcoal. Its ability to absorb odours is 2x greater than that of a traditional charcoal (AC 20)
- **Practical:** its saturation indicator changes colour when the filter must be replaced
