

Deep cleaning action

Brighter white & colour protection

Tough on strongest stains

Laundry powder detergent • 1.2 kg

CHARACTERISTICS

The Wpro professional laundry powder detergent with enzymes is the perfect solution to effectively remove tough stains even at low temperature (30°C). It is suitable for all washing machines, temperatures and fabrics. Whether it's your everyday wear, delicate fabrics, or heavily soiled items, Wpro powder detergent delivers consistent results across various laundry needs. The convenient packaging size of 1.2 kg is allowing up to 22 washes. Experience the invigorating scent of freshness that lingers on your clothes long after they've been washed. The Wpro detergent leaves behind a scent of freshness with Oxy-fresh fragrance.

THE RECOMMENDATION OF WPRO

Always check the fabric care labels on your garments before washing them. Follow dosing instructions for laundry in washing machine and hand wash on the side of the box. It is recommended to select low temperature cycles to wash delicate and coloured clothes and higher temperature cycles for white and cotton fabrics.

CONSUMER BENEFIT

- **Deep cleaning action.** The Wpro formula helps detergent to penetrate deeply into the fabrics to the heart of the fibers and boosts the cleaning effect. It eliminates bad odours and leaves the clothes smelling great.
- **Tough on stains.** Thanks to enzymes contained in its formula, the Wpro professional powder detergent gives exceptional results on tough oxidisable stains such as wine coffee and tea.
- **Brighter white & color protection.** The Wpro formula contains a whitener activator with active oxygene which fights against the greying effect on white garments keeping them always bright. The formula also respects and protects colours.
