Whirlpool induction glass-ceramic hob - WF S3660 CPNE

4 induction rings. flexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. Intuitive slider, for effortless control of your appliance settings. This Whirlpool induction glassceramic Hob features: An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. Electric power supply.

6TH SENSE AUTOMATIC FUNCTIONS

Setting the correct heat level is no longer an issue, thanks to 4 special pre-set functions - up to 4 for each cooking zone. Just select the program and the hob automatically sets the best heat level for the desired cooking method.

- **6TH Sense Technology**
- 4 induction cooking zones
- Easy installation
- FlexiSide
- Residual heat indicator
- Child lock

- On/Off Switch
- Simmering function
- Melting function
- 60 cm hob
- Timer
- Easy Replacement
- Black glass finishing with Clean Protect system
- 4 Boosters
- 4 Plate on Indicator
- Total power declared: 7.2 kW

CleanProtect

The easiest to clean hob, using just water*. Thanks to CleanProtect, an exclusive treatment applied on the hob surface, you can effortlessly clean your hob with a spray of water, for a shiny result over time. *compared to Whirlpool's uncoated hobs.

FlexiSide

Take the space you need by combining two cooking zones into one.

Melting

Perfect low-heat cooking. The Melting function allows you to cook at very low temperatures, providing you with the ideal solution for melting chocolate, butter or for cooking light, delicate sauces.

Keep warm

Warm meals, anytime. The low-powered Keep Warm function prevents your food from cooling, whilst the rest of the meal is being prepared.

Simmering

Superb simmering. The Simmering function allows you to obtain the perfect results for your slow-cooking recipes, and prevents your food from toughening.

Filo installation

Our cooktops are designed to be both beautiful and functional. The outstanding Filo Design of our integrated cooktops makes cleaning easier than ever before.

ChefControl

Divides the hob into three or four cooking zones, and activates them simultaneously at a pre-set power level. Pans can be moved from one area to another without interacting with the user interface, so dishes can continue cooking at different temperatures for added flexibility.
