Dishwasher care kit

The optimal solution to obtain the best performances and take care of your dishwasher

CHARACTERISTICS

The Kit contains:

- **Dishwashers Tabs All in 1** (24 Tablets = 336g): Ecolabel certified, are the perfect solution for effectively cleaning and removing stubborn stains from kitchen utensils. It is suitable for all dishwashers and cycles. Water-soluble PVA film, completely and rapidly biodegradable (OECD 301F (1992)). Limited impact on aquatic environments.
- **Degreaser in powder** (250 g): optimises performance and prolongs the life of your appliance. It eliminates grease deposits, food residuals and prevents any unpleasant odours, leaving your appliance in perfect condition.
- **Anti-limescale magnet**: It helps to reduce the build up of limescale on the heating element of the appliances. As the water passes through the powerful 20.500 Gauss magnets, the calcium molecules are prevented from forming into limescale resulting in less build up on the heating elements without the use of chemicals. It also optimises washing results for laundry and kitchenware. It is easy to install on any brand of washing machine or dishwasher.

CONSUMER BENEFIT

- **Universal**: suitable for all dishwasher models and brands
- **Prolongs life of appliances**: prevents the formation of limescale thus preserves the appliances

The **EU Ecolabel promotes goods and services** with a **guaranteed reduced environmental impact** throughout their entire life cycle. It helps consumers, retailers, business and procurers to make truly sustainable choices. A label you can trust.

The **EU Ecolabel** is a reliable tool to help consumers choose the **most environmentally friendly goods** and services from the thousands on offer, both on- and offline. It is a label that can be trusted and gives consumers added confidence that their choices matter!

Whether shopping online or in a shop, look out for the official EU Ecolabel logo!

With environmental claims on products being so common, it can be difficult to tell the difference between “greenwashing” and reliable claims. EU Ecolabel products can be trusted because, from production to use and disposal, they have been assessed as products with reduced environmental impact.
