Anti-odour

Self extinguishing

Saturation indicator

## Carbon filter anti odour • Type D211 (∅ 210 x 25 mm - 223 g)

The best solution to prevent the spread of bacteria in the air and to eliminate bad odours

### CHARACTERISTICS

The **Carbon Filter Anti odour Type 57** for cooker hoods reduces **unpleasant odours in the kitchen** and **protects against the spread of bacteria in the air** thanks to its absorbent action. The Wpro carbon filter has a saturation indicator that changes colour when the filter must be replaced.

### THE RECOMMENDATION OF WPRO

Needs to be replaced every 3 months to maintain optimal performance

### CONSUMER BENEFIT

- **Hygiene plus:** with its absorbent action it protects against the spread of bacteria in the air. Your environment is healthier and the risk of allergies are reduced
- **High performance:** it is made of AC 40 quality charcoal. Its ability to absorb odours is 2x greater than that of a traditional charcoal (AC 20)
- **Practical:** its saturation indicator changes colour when the filter must be replaced
