

Ecolabel certified

Tested for cleaning performance

Limited impact on aquatic environments

## Dishwashers Tabs all in 1

*The perfect Ecolabel solution to effectively clean and remove stubborn stains on kitchenware*

### CHARACTERISTICS

Wpro's dishwasher tabs Ecolabel certified are the perfect solution for effectively cleaning and removing stubborn stains from kitchen utensils. It is suitable for all dishwashers and cycles. The detergent works on food residues and the toughest stains, ensuring excellent cleaning results. The salt prevents scale deposits from forming on both the dishes and the appliance. Tablets without dyes, no added fragrances, with nonionic surfactants less than 5%; in water-soluble PVA film, completely and rapidly biodegradable (OECD 301F (1992). Limited impact on aquatic environments. 1 tablet = 1 wash. Contains: 24 Tablets (336g)

### THE RECOMMENDATION OF WPRO

The recommended water temperature is 50°C +. For proper storage of the product, always take the tablet out of the pouch with dry hands. Insert the tablet into the dry detergent tray without discarding it: the sachet dissolves during washing. Do not introduce the tablet unless washing is done immediately. Always follow the dishwasher manufacturer's instructions and verify that dishes and dishes are dishwasher safe. Specific use for dishwashers. Store in a cool, dry place. For heavily soiled dishes, choose a 65°C wash.

Safety Data Sheet  
available for this product

EU Ecolabel: IT/015/001

## Ecolabel dw detergent range

The **EU Ecolabel promotes goods and services** with a **guaranteed reduced environmental impact** throughout their entire life cycle. It helps consumers, retailers, business and procurers to make truly sustainable choices. A label you can trust.

The **EU Ecolabel** is a reliable tool to help consumers choose the **most environmentally friendly goods** and services from the thousands on offer, both on- and offline. It is a label that can be trusted and gives consumers added confidence that their choices matter!

**Whether shopping online or in a shop, look out for the official EU Ecolabel logo!**

With environmental claims on products being so common, it can be difficult to tell the difference between “greenwashing” and reliable claims. EU Ecolabel products can be trusted because, from production to use and disposal, they have been assessed as products with reduced environmental impact.
