Prevents from slipping

Protects the floor

## Anti-vibration Mat

*The solution to reduce noise and prevent your washing machine from slipping*

### CHARACTERISTICS

The Wpro Anti-vibration Mat is the perfect solution to install your washing machine **reducing noise and preventing it from slipping** especially during spinning cycle. Its robust structure allows to **protect the floor** from scratches caused by machine vibrations. **It is made of long lasting recycled rubber and can withstand up to 150 kg.** Easy to install, it is suitable for all washing machines and other household appliances. Dimensions: 60 x 60 cm - Thickness: 0,6 cm.

### THE RECOMMENDATION OF WPRO

Thanks to its extreme robustness, the Anti-vibration Mat can be placed under the washing machine even when a dryer is installed on top of it.
