

## ACCESSORIES Laundry

**x40 WASHES**

Plant-based ingredients up to 75%

Space saving • Pre-measured strip

High performance

## Laundry sheets for washing machine • 96 g

*The innovovative deterget solution for your washing maschine*

### CHARACTERISTICS

The Wpro professional laundry detergent in sheets, developed in water soluble strips, allows you to wash your clothes in cold water and in short cycles, respecting the environment by not containing microplastic. Vegan, no animal tested and biodegradable (OECD-301B tested). Forest fragrance.  
20 sheets - up to 40 washes

### THE RECOMMENDATION OF WPRO

Separate a sheet of detergent along the dotted line (4-6 kg). If the load of laundry is 7-8 kg or more, use the full sheet. Insert the sheet into the drum of the washing machine. Add the laundry and select the washing program. Use cold or hor water. Effective also in cold water (recommended temperature 25°C).
